

SPEED PLUS

Input expansion modules

SPEED PLUS

The architectural flexibility and the modular structure can be considered absolute properties of the Tecnoalarm systems. Properties which the range of zone expansion modules SPEED PLUS fully meets. Three models are available to meet any installation requirement and to fully exploit the functionality of the RSC® detectors.

SPEED ALM8 PLUS

Compatibility

TP8-28

TP8-28 GSM

TP8-88

TP8-96 VIDEO

TP16-256

TP16-512

Expansion Module with 8 serial zone inputs for RSC® Tecnoalarm detectors connectable over 4 RS485 Sensor Bus lines. 1 RS485 Siren Bus line for the connection of RSC® serial sirens. 4 programmable outputs 1.8A switching power supply RS485 bus connection. Elegant design by Pininfarina. Antistatic ABS enclosure. Battery housing: 1 12V-7Ah. Dimensions (LxHxD) 350x285x93mm. Complies with CEI - Level II.

Item no. F101SPEALM8PLUS / ATA224

SPEED 8 PLUS

Approved for homologated control units

TP16-256

TP16-512

Expansion module with 8 zone inputs (4 serial zone inputs + 4 parallel zone inputs). 1 RS485 Sensor Bus line for the connection of 4 Tecnoalarm RSC® detectors. The parallel inputs enable the wiring of Tecnoalarm RDV® detectors, Zone Bus and conventional detectors. 1 programmable output RS485 bus connection. Dimensions (WxH) 124x68mm.

Note: optional enclosure is not included (C100P or C90 compatible containers).

Item no. F101SPEED4PLUS /ATA217

SPEED PLUS - Accessories

C100P

ABS enclosure. Pininfarina design
Dimensions (LxHxD) 270x156x68mm.
White.

Item no. C110C100P /ATA231

C90

ABS enclosure.
Dimensions (LxHxD) 165x110x41mm.
White.

Item no. C110C90/ATA230
