

Unigate

REF. STS120/121/122

PROGRAMMAZIONE DIGITALE - PROGRAMMAZIONE DIGITALE

Control Units • Centrali di Comando

- **on board clock and timer**
orologio e timer a bordo
- **on board potentiometer connection**
collegamento potenziometro a bordo
- **mono or bidirectional encoder connection**
collegamento encoder mono o bidirezionale
- **management of up to 4 limit switches**
gestione fino a 4 finecorsa
- **24V aux. management**
gestione 24V aux
- **management of 2 clean contacts**
gestione 2 contatti puliti
- **masterslave management with additional card**
gestione masterslave con scheda aggiuntiva
- **management with Jolly 3 or Sea Cloud Board**
gestione con Jolly 3 o Sea Cloud Board
- **external power supply via switching**
alimentazione esterna tramite switching
- **Open - Close - Stop with separate inputs**
Apertura - Chiusura - Stop con ingressi separati

UNI GATE- I
INVERTER

UNI GATE

CODE	NAME PRODOTTO
------	------------------

Ref. STS120	23023050	UNI GATE with box BLD and timer - con scatola BLD e timer integrato
-------------	----------	---

Ref. STS121	23023055	UNI GATE-I - Inverter 230Vac with box BLD and timer - con scatola BLD con timer integrato
-------------	----------	---

Ref. STS122	23023060	UNI GATE-2 I - Two Inverters 230Vac for 2 motors with box BLD and timer - Doppio inverter per 2 motori con scatola BLD e timer integrato
-------------	----------	--

Advantages:

- + Duty cycles
- + Torque
- + Speed (adjustable)
- + one model 90V to 265V

DIGITAL BOARD UNIVERSAL FOR ALL APPLICATIONS

Swing

Sliding
