

CESVK-1S/6388

2 WIRE BUS VIDEOKIT CESVK/6388 SERIES

The CESVK video kits require only 2 wires to carry video, audio and data. Developed from the VX2300 2 Wire digital video door entry system, the video kit uses the same devices (intercoms, videophones, videomonitors, distributors, exchangers, power supplies etc.) and offers the following facilities:

- Facility to make multiple entrance systems using the exchanger Art.2301N;
- Facility to make systems with up to 7 users (requires Art.4333 firmware revision 2.0 or later and the purchase of additional items);
- Facility to connect up to 4 intercoms/videophones in parallel using the distributor Art.318 (if videophones must be switched on at the same time, the additional videophones must be powered separately);
- Intercommunication between intercoms/videophones inside the same apartment or between intercoms/videophones inside different apartments (two way videokit);
- The use of the Art.2305 BUS relay for additional services;
- Disability Friendly - Acoustic & Visual signalling of the system status (busy, call in progress, conversation in progress and door open signalling);
- Recall (selective entrance recall on systems with 2 or more outdoor stations);
- Local call tone which is different from the external push button call tone;
- Videophone incorporates "Privacy" On/Off facility (with either latched or timed activation of privacy);
- Programmable Call, conversation and door opening times;
- Dry relay contacts for electric lock.

CESVK-1/6388

One button videokit comprising of:

1 Outdoor station including speaker unit module Art.4333-1/Colour comprising of high quality auto iris lens CCD Day/Night colour camera* with infrared illumination LEDs plus one module flush mounting box with module support and hinge Art.4851.
