

5000 Series Eclipse range

Hands Free Intercoms

Intercoms in the 5000 Series audio Eclipse range are identified by the compact design and "hands free" function which can be user selected between simplex or voice switched.

All intercoms in the 5000 Series Eclipse range have 4 (3 in the vandal resistant version) function buttons, these include "answer", "door open" and "service" which are common to all models while the fourth button's operation will vary from model to model.

The "privacy" (no calls) and call tone volume controls are standard to all versions. Selected versions also incorporate loudspeaker volume control.

For harsher environmental applications Videx have introduced a "vandal resistant" model Art. VR5178 for use on the popular VX2200 digital system.

*Hands free intercom
Surface mount only*

*Vandal resistant line
hands free intercom
Flush mount only*

Art. HANDS FREE INTERCOMS FOR "4+1" AUDIO DOOR ENTRY SYSTEMS

- 5112** Simplex intercom with buttons to control "answer" (press to talk/release to listen), "door open" and 2 service buttons. 3 LED's to confirm the talk/listen status, the open/close door status and the on/off status of the privacy (no calls). A 3 position call tone volume switch which when in the left position will enable the privacy function (no calls), in the centre position low volume and in the right position high volume.
- 5118N** Voice switched hands free intercom with buttons to control "answer/end conversation", "door open", "privacy on/off" and "service" button. In addition there are 4 LED's to indicate the status of "answer/end conversation", "door open/closed", "privacy on/off" and auxiliary "service" status. Call tone and loud-speaker volume controls are also incorporated on this model.

Art. HANDS FREE INTERCOMS FOR VX2200 DIGITAL SYSTEM

- 5178N** Voice switched hands free intercom with buttons to control "answer/end conversation/recall/simplex conversation", "door open", "privacy on/off" (programmable duration) and "service" button. In addition there are 4 LED's* to indicate the status of "answer/end conversation", "door open/closed", "privacy on/off" and auxiliary "service" status. Call tone and loudspeaker volume controls, through assigned buttons, are also incorporated on this model. It is possible to program the melody (9 available), the number of rings (max 9) and the privacy service duration (max 20 hours). Surface wall mount installation.
- VR5178** Same features of Art. 5178 but vandal resistant version: the "service" button that is missing, is replaced by the "privacy" button that works also as a "service" button. Adjustments and programmable functions are the same but are carried out in a different way. This version is available flush mount only and included a 2.5mm brushed stainless steel face plate and flush box with security screws (no mounting plate required).

Art. HANDS FREE INTERCOMS FOR VX2300 DIGITAL SYSTEM

- 5188N** Voice switched hands free intercom with buttons to control "answer/end conversation/recall/simplex conversation", "door open/intercommunicating call", "privacy on/off" (programmable duration) and "BUS relay control" (Art. 2305) button. In addition there are 4 LED's* to indicate the status of "answer/end conversation", "door open/closed", "privacy on/off" and programming status. Call tone and loudspeaker volume controls, through assigned buttons, are also incorporated on this model. In addition to programming required from the VX2300 digital system (address, extension address and intercommunication mode) it is possible to program the melody, the number of rings and the privacy service duration. Surface wall mount installation.

* The operation of some LED's and the functions described may require additional cabling
