

Intercoms

Among all the common features of Kristallo® line intercoms we can find:

- An elegant and refined design;
- Touch sensitive technology buttons;
- Hands free mode available in both flush and surface with handset versions.

All models have 4 buttons for a specific function (such functions can vary depending on the operating mode of the intercom: stand-by, call or conversation modes) and 4 buttons programming and adjustment operations.

There are also 4 LED's which provide further indications about the intercom operation (services active, conversation, door open etc.)

Kristallo® intercom flush and surface (with handset) versions are available in the following finishes:

- White (/W)
- Black (/B)

*Hands free intercom
Flush and surface mount versions*

*Intercom with handset
Surface mount only*

Art. INTERCOMS FOR VX2200 DIGITAL SYSTEM

KRA78 Flush mount hands free audio intercom. All buttons use capacitive touch sensor technology, 4 of these buttons have multiple direct functions such as "answer/end conversation/recall/simplex conversation", "door open", "privacy/call reject/programming menu access" (programmable duration) and "service" button. 3 LED's give visual indication of operations while the other 5 buttons allow navigation of the programming menu's and the setting of volumes. It is possible to program the melody (9 available), the number of rings (max 9) and the privacy service duration (max 20 hours). Also includes a local bell function. Available in black (add to the product code "/B") or white (add to the product code "/W") finishes.

KRA76 As Art.KRA78 but surface mount version with telephone handset.
