
6296 3.5" HANDSET IP VIDEOPHONE

6200 SERIES VIDEOPHONE

**6200
SERIES**

Surface mount
videophone in a satin
white finish.

The 6200 series colour video monitor is a handset surface mount videophone incorporating a touch 3.5" Hi-Res full colour active matrix LCD screen in a satin white finish.

Standard features (the features may vary according to the button's programming) include "camera recall", "open door", "service" and "privacy" with LED indication for the "open door" and "privacy" features. Adjustments include call tone volume and display brightness control (other adjustments can be carried out by software).

Functions like intercommunication, selective camera recall, direct door relay activation and programmings like melody selection, number of rings, privacy duration are carried out through the touch screen menu.
