

Surface mounted magnetic lock with integrated handles

MAG-

Screw-on electromagnetic lock for access control. Available in 2 versions. MAG3000 with 300 kg and MAG6000 with 600 kg pulling force. The aluminium powder coated housing with integrated design handles gives your access control gate that extra touch. Stop losing precious time with welding boxes; drilling 7 holes does the job. The Quick-Fix enables a fast and strong fixing. A two layer, protective coating guarantees that our electromagnetic locks are ready for years of worry-free use outside.
