

5300 N

iGEW 5700 CS

The most advanced electro-magnet, with built-in CCTV, speech processor, alarm buzzer and pressure sensors for a complete access control system...

- **5300N holding force electromagnet : the lock**
- **The pressure sensors: The system activation.**
- **A 90db buzzer : The audible local alarm**
- **A speech processor : The warning**
- **A colour camera : I am watching you!**
- **Remote CCTV Surveillance.**

Surface mount

Holding force	5 300 N (~ 1 200 lbs)
Voltage	12/24 VDC
Current	520 / 260 mA
Locking Monitoring	Yes
Door position Monitoring	No
Local alarm	Relay + Buzzer
Alarm monitoring	Relay
Camera	Yes, color
Buzzer 90 dB	Yes
Speech Processor	No
Internal timer	Yes - Program.
Sizes: LxWxH	355 x 53 x 73
Weight	~ 5 kgs

iGEW 5700 CV

Surface mount

Holding force	5 300 N (~ 1 200 lbs)
Voltage	12/24 VDC
Current	520 / 260 mA
Locking Monitoring	Yes
Door position Monitoring	No
Local alarm	Relay + Voice
Alarm monitoring	Relay
Camera	Yes, color
Buzzer 90 dB	No
Speech Processor	Yes
Internal timer	Yes - Program.
Sizes: LxWxH	355 x 53 x 73
Weight	~ 5 kgs

- Magnets are usually known only to lock or unlock doors...well...think again, because the new IGEW5700 created by IGE is not only a lock but a complete access control system in one piece of hi-quality-hardware with built-in CCTV camera for access surveillance, a speech processor for warning, a buzzer for audible local alarm and pressure sensors for distant alarms to control the access. This unit can either be used in :
 - **Tamper-proof applications (theft protection)**
 - **Fire escape applications (emergency exits).**

To obtain more details about the applications, please contact our sales team.
