

TRA126

Switching mini power supply, 24Vdc 0,5A.

KAS2405P

Features

Power (W): 12,00

Input

Input voltage: 100,00÷240,00 Vdc

Frequency (Hz): 50÷60

Input current (A): 0,12

Output

Output voltage: 24,00÷28,00 Vdc

Rated current: 0,50

Connections

Input:

Screw terminals

Output:

Screw terminals

Suggested applications:

Domotics

Sensors

Videocameras

Installation:

Into 3 modules flush-mounted box

Into electrical connector blocks

Dimensions

Dimensions (mm): W 56,00 x H 32,50 x D 56,00

Weight (kg): 0,06

Standards:

CEI EN 60950-1

Features

Technology:

Switching

Hold-up time (ms): 5,00

Efficiency (%): 81,00

Power dissipation (W): 2,60

Input protections:

Fuse

Output protections:

Fuse

Signaling:

LED

IP rating: IP20

Working temperature (°C): -20 - 40

Relative humidity (%): 0 - 90
