

Multi purpose timer

- Adjustable delay to power-on
- Universal for magnets, strikes, locks and other
- Starting process by NC or NO contact
- Mini PCB for frame integration

ET 02

Voltage	12/24 VDC
Current max.	1.5 A (max : 30 VDC)
Starting process	At Power On or trigger
Trigger input	NO contact
Sizes L x W x H	70 x 23 x 8

Flex cable loop

- Adjustable delay to power-on
- Universal for magnets, strikes, locks and other
- Starting process by NC or NO contact
- Mini PCB for frame integration

Flex 30/50

Head sizes - ext. LxWxH	40 x 40 x 15mm
Head sizes - int. Diam. x H	32,2 x 13mm
Loop sizes : Diam.	int. 0,98 / ext 1,2mm
Loop sizes : lenght.	300 or 500mm
