Installatie

Installatie Buitenpost

Opbouw

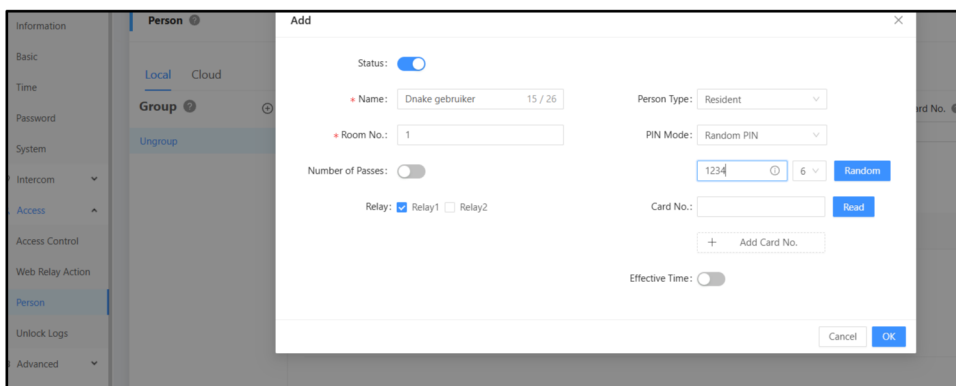

Instellingen Buitenpost

1. Buitenpost instellen

1.1 Instellen codes

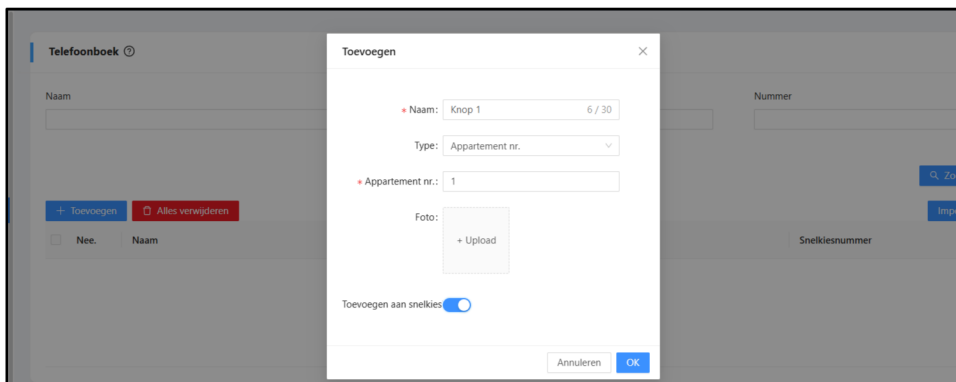

- Surf naar IP-adres van de buitenpost:
Log in met gebruikersnaam = admin / paswoord = 123456
Toegang > Persoon > Toevoegen >

The screenshot shows the 'Add' dialog box in the DNAKE interface. The dialog has a 'Status' toggle switch (checked). The 'Name' field contains 'Dnake gebruiker' and '15 / 26'. The 'Room No.' field contains '1'. The 'Number of Passes' toggle switch is unchecked. The 'Relay' section has 'Relay1' checked and 'Relay2' unchecked. The 'Person Type' dropdown is set to 'Resident'. The 'PIN Mode' dropdown is set to 'Random PIN'. The 'PIN' field contains '1234' and '6'. The 'Card No.' field is empty. The 'Effective Time' toggle switch is unchecked. The 'Add Card No.' button is visible. The 'Cancel' and 'OK' buttons are at the bottom right.

1.2 Knoppen toevoegen

- Intercom > Telefoonboek > Toevoegen

The screenshot shows the 'Toevoegen' dialog box in the DNAKE interface. The dialog has a 'Naam' field containing 'Knop 1' and '6 / 30'. The 'Type' dropdown is set to 'Appartement nr.'. The 'Appartement nr.' field contains '1'. The 'Foto' section has an 'Upload' button. The 'Toevoegen aan snelkies' toggle switch is checked. The 'Annuleren' and 'OK' buttons are at the bottom right.

App Installeren

2. DNAKE Smart Pro App

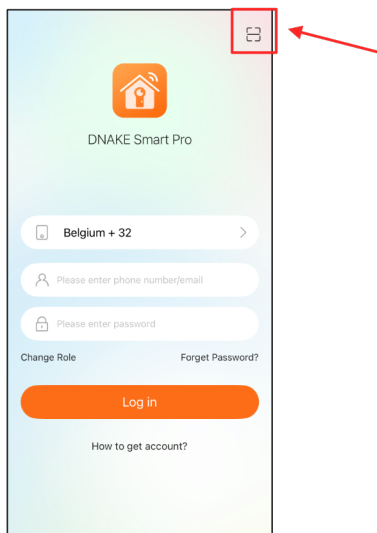

2.1 Download App

Scan één van onderstaande QR-codes en download de DNAKE Smart Pro App.

2.2 Registreer Uw Account

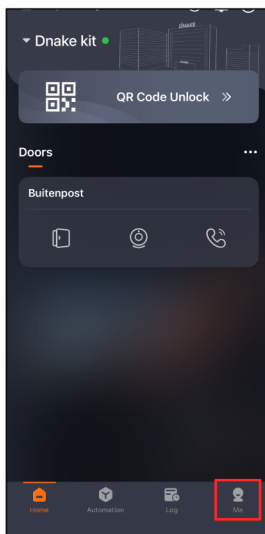

Klik op het scan-icoon en scan de QR-code die in de doos zit. (Zie de rode pijl)

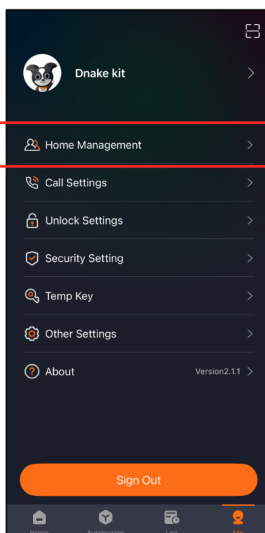

Gebruikersinstellingen

3. Gebruikers

3.1 Extra gebruiker toevoegen

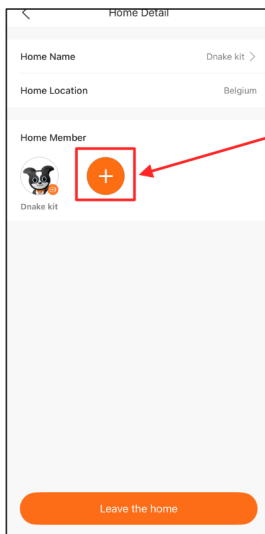

Ga naar "Me"

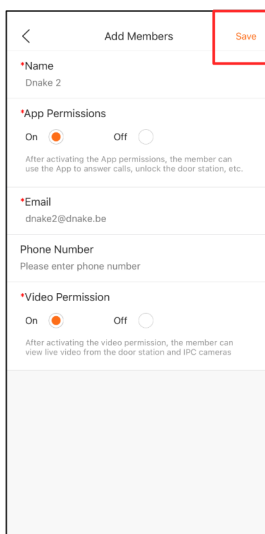

Ga naar "home management" om gebruikers te beheren.

Gebruikersinstellingen

Tik op het plusje om een gebruiker toe te voegen.

Vul de gegevens in en tik op "Save". Nu kan deze gebruiker deze installatie ook bekijken.
